## Intro

I'm a Full-Stack developer who loves to write code and create new things for fun. I'm currently looking for a place where I can challenge myself and contribute to the development of a product or service that creates value to people.

## Skills

- Front-end: HTML, CSS, JavaScript, TypeScript, React, Next.js, styled-components, Chakra-UI, Tailwind CSS;
- Back-end: JavaScript, TypeScript, Node.js, Express, SQL, Linux;
- Mobile: Basic knowledge from personal projects using Flutter, Dart, React Native;
- Team work using Git, Scrum, Kanban, Slack, Trello and Zoom;
- Fluent English;

## Professional Experience

10/2021 - 06/2022

**Filmhub - California, USA** - Remote Software Engineer

- Full-stack position, focused on the new Next.js (React) web app.
- Developed front and backend of forms and dashboard pages containing user data, including charts and tables with dynamic filtering and search.
- Developed an API using AWS S3, Lambda@Edge, CloudFront and the Sharp library to optimize and cache images on first request.
- Key technologies: JavaScript, React, Next.js, Node.js, Cypress, PostgreSQL, Prisma, AWS Lambda, CloudFront and CDK.

## Education

03/2021 - 09/2021

**Driven Education** - Full-Stack Web Development Bootcamp

- More than 800 hours of synchronous classes and exercises where I delivered 21 projects using HTML, CSS, JavaScript, React, Node.js, TypeScript and SQL;
- Team projects using Git, Scrum, Kanban, Slack, Trello e Zoom.

2017 - 2020

**Centro Universitário IBMR** - Bachelor in Business Administration
